

ECOSTYLE

TOWEL BAR RADIATORS

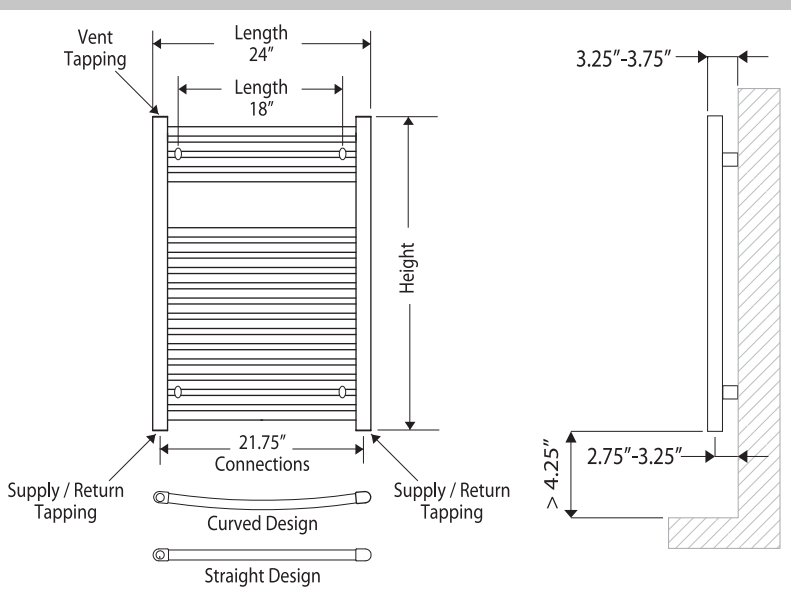

Elegantly designed straight and curved Towel Bars
White stove enameled or polished chrome finish
Heating outputs ranging from 1,364 to 3,967 BTU/HR
Optional electric heating element

Ecostyle Towel Bar Radiators

EcoStyle towel bar radiators have long been used in Europe to heat people's towels as well as their bathrooms, kitchens, hallways without wasting valuable wall space while providing comfort and elegance to all types of interiors.

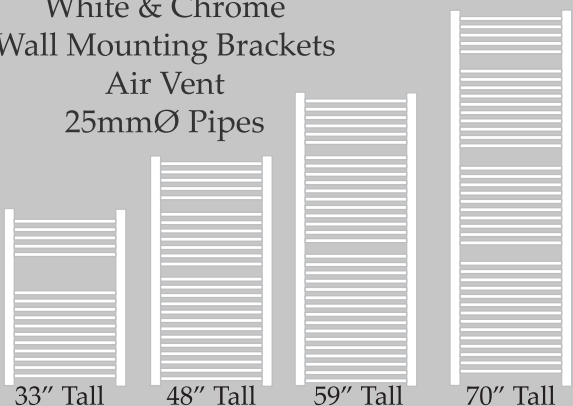

EcoStyle Towel Warmers are available in both straight or a curved bar design. They can be ordered with various finishes including white or chrome. Outputs range from 1635 Btu to 3480, plenty for most bathrooms, laundries or halls. Their compact profile being 24 inches wide and available in heights of 33, 48, 59 and 70" enable them to fit in tight spots.

EcoStyle Towel Warmers have two bottom connections and a top air vent. They are available with optional electric elements and/or non-electric thermostatic control heads.

Optional Equipment
Valve Kits (White & Chrome)
Electric Elements

Standard Equipment
White & Chrome
Wall Mounting Brackets
